

## **Karl P. Numinen**

Karl is the president of CDAM and has been serving on the board for over 10 years. Most of our members know Karl from the many MasterClass programs he has done on issues ranging from cross-examination of snitches to challenging search warrants.

Karl is also regularly called on for presentations to other groups, for instance earlier this year he was invited to give a presentation on drug-related homicides at NACDL's national conference. You can find some of his published monographs on criminal procedures on the ICLE website. He is also a Fellow of the American College of Trial Lawyers.
